

The Gorilla SSP[®] Enrichment Database

Name of Item: Fire Hose Triangle

Submitted by: Zoo Atlanta

Items Needed:

1. Fire hose
2. 2 different sizes of PVC that will fit inside the fire hose
3. Nuts/Bolts/Washers

Construction Directions:

1. Double up PVC to make sides sturdier, especially the base.
2. Insert PVC into the fire hose and bolt at the top of the triangle.
3. Hang.

The nuts/bolts/washers and PVC pipe can be purchased from hardware stores and the fire hose can be purchased online or donated from a fire department.
