

The Gorilla SSP® Enrichment Database

Name of Item: Rain and Sand Barrel

Submitted by: Utah's Hogle Zoo

Items Needed:

1. 55 Gallon Plastic Barrel
2. Drill and 1/16" Bit

Construction Directions:

1. Hang a large plastic barrel filled with water and puncture bottom out edge with several very small holes.
2. Water will trickle out, creating a mister effect.
3. Can also do a sand version.

The plastic barrels can be purchased at Walmart, Amazon, or likely any feed store. The Drill and 1/16" Bit can be purchased at a hardware store.
