Name of Item: Sail Cloth

Submitted by: Zoo Atlanta

Items Needed:

1. Sail Cloth

Zoo Atlanta found this material by contacting the nearest lake and their boating club. Once new sailboats get new sails, they donate the old ones to the animals. It's a very sturdy material and a great noisemaker. We remove the grommets before giving this to the animals. Sails come with many different things on them so just be sure that everything is safe for the animals or remove it before offering.
